SUBJECT:		

Call from Col. Cullinane, Office of Under Secretary of Air Force  
Hanz Mark, re GAO request for clearances

NOTES

Col. Cullinane (OX5-2594) called to see if we had seen Dr. Cook's memo to DCI. I told him I had. He wondered what our reaction was. I briefed him on your memo to DCI and the DCI letter to Staats's of 19 October (which Betty got for me), and told him that this matter had not yet been focused on by yourself and the Director, but that your positions seemed clear enough to me.

Col. Cullinane pointed out that the GAO project on the Vandenberg/Shuttle facility will probably prove to be helpful to DOD. He said the logistics project was self-generated and he thought the tactical one was requested by the Tactical Air Subcommittee, Senate Armed Services Committee.

He is aware of the out of date BI's of the proposed GAO employees. He expressed the hope that the Director would say: OK to press on with clearances and projects or find some acceptable alternative.
